# BIOFREEZE®

## \$13.25

THE FOOT:            19 Main Muscles  
                             33 Joints  
                             107 Ligaments  
                             26 Bones

1 Pain Reliever

BIOFREEZE® soothes a variety of pains, including heel pain, sore arches and the burning numbness of diabetic neuropathy. Apply BIOFREEZE® to the painful area 4 times per day - morning, early afternoon, early evening and prior to bedtime for cool, soothing relief.

In only 2 days you will feel a substantial reduction in pain. Regular use of BIOFREEZE® will keep you pain free with an improved stride in your step and a greater overall feeling of well-being and health. (BIOFREEZE® is not available in retail stores.)

**MEDERMA®**

**\$17.00**

Have a scar? Mederma® is the first topical gel formulated for scars. Mederma® Skin Care for Scars is a pleasant-smelling and greaseless gel that offers you convenience, ease of use and affordability (about 25¢ per day.) Mederma® helps scars appear softer and smoother. Ask Dr. Galperin if Mederma® is right for you.

# Redi-Helperz

## \$5.00

Walk away from pain. Everyone needs a little help some time.  
Available at the front desk.

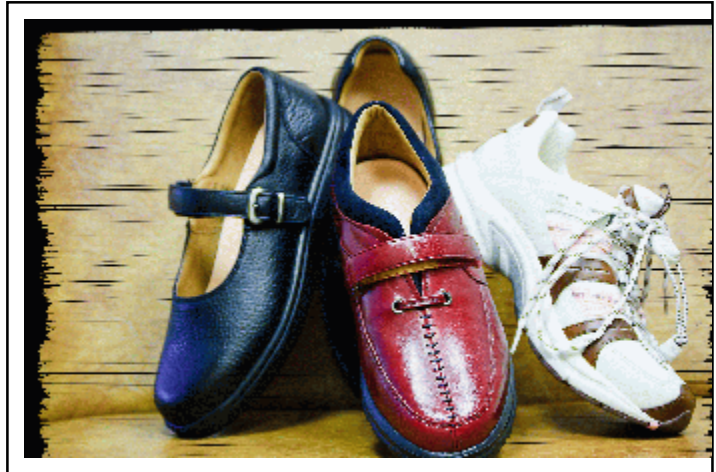

# AmeriGel® LOTION

## \$20.00

Incredible results in clinical studies! Even when compared to prescriptive lotions - prescription free Amerigel Care Lotion stands above the crowd! Imagine! One lotion that you can use for chronic dry feet, heel cracks, itching, foot odor and calluses. Fragrance and Dye Free! Steroid Free! You will love the convenience and the benefits you receive from using Amerigel Care Lotion to smooth, soothe and soften your feet. Ask about it at the front desk.

# THERAPEUTIC DIABETIC SHOES AND MULTIPLE DENSITY INSERTS

Medicare (and some other insurance companies) allow one pair of therapeutic diabetic shoes and three pairs of multi-density inserts each year. If you are diabetic, you need to take certain precautions when it comes to your feet. Therapeutic diabetic shoes have extra depth and are made of specialized materials to better accommodate your feet and avoid rubbing and provide better shock absorption. Your podiatrist knows your feet the best and is the best person to fit you for these specialized shoes. And, we are constantly updating our selection to keep you in style. Ask Dr. Galperin if you qualify for this type of footwear today.

# **CUSTOM-FITTED ORTHOTICS**

## **\$175.00**

Do you need a lift today? We are excited to introduce the latest technology available in custom-fitted orthotics. These devices fit into most shoes, including high heels. These orthotics are heat-molded allowing them to be fitted to your feet in a prescribed position that best suits your foot style and shape. They are fitted right here in the office. There's no wait, you can wear the orthotics home the same day! And start receiving these benefits immediately: Reduce heel pain, bunion deforming forces, callus formation, abnormal shoe wear, promotes better walking. Ask about custom-fitted orthotics today and take a step in the right direction. Your feet, knees and back will thank you.

# **SURGICAL SHOES / NIGHT SPLINTS / WALKING BOOTS**

If you've been diagnosed with a fracture or sprain, we have available all types of devices to accommodate your needs.

# **NIGHT GAUNTLET**

**Have cold feet?**

**The Therapeutic Night Gauntlet is designed especially to wear at night to prevent cold feet.**

**The Night Gauntlet offers the following advantages:**

- ✓ **Velcro Adjustable**
- ✓ **Increases Circulation**
- ✓ **Captures Body Heat**
  - ✓ **Relieves Pain**
  - ✓ **Provides Support**
  - ✓ **Keeps Feet Dry**
- ✓ **Provides Comfort and Prevents Irritation**
- ✓ **Perfect for Diabetics**

# VARIOUS INSOLES AND OTHER FOOT PRODUCTS

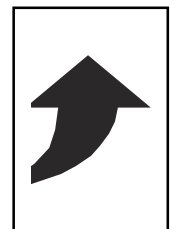

For a quick lift, try our cushioned arch supports.  
Choose from an assortment of name brands and styles, priced right for your budget.

Or if it's relief from hammertoes that you need, try our toe pads.  
With the silicone "spot" on top, it's like wearing a little pillow to protect your toes.

*We have an entire line of cushions and pads that fit in most footwear and help protect against corns, callouses, neuromas, metatarsalgia and more.*

*Ask to see some of these items at the front desk.*

# VARIOUS HOME CARE KITS

Whether you've had an ingrown toenail procedure performed or you have an ulceration on your foot, use the products Dr. Galperin uses in the office for your treatment at home. You can purchase kits that contain just about everything you will need to take care of your feet at home. Ask Dr. Galperin if he has a kit for you.
